DESIRED OUTCOMES

At the conclusion of this activity, the learner will be able to:

- Recognize when and how to bring a third party for in home care assessment
- Create broad support from the entire family for care management program
- Communicate effectively between caregivers, doctors, and patients/families
- Implement improved medication management protocols
- Address issues which impact care of the elderly patient

The presentational method for this activity will be Panel Discussion with Q&A. This activity is geared to meet the educational requirements of Primary Care Physicians, Family Practice Physicians, and Neurologists. This activity will encompass the following desirable physician attributes: Patient Care and Procedural Skills, Professionalism, Interpersonal & Communication Skills, and Practice-Based Learning & Improvement.

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of CME Consultants and the American College of Private Physicians (ACPP). CME Consultants is accredited by the ACCME to provide continuing medical education for physicians.

CME Consultants designates this live activity for a maximum of 1.5 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

In accordance with the Americans with Disability Act (ADA), please contact the ACPP: info@ACPP.MD should you require special assistance.
